

## Short Bio - Carola Sand

---

Carola Sand is a born natural healer with an education in electronics. Throughout the years, Carola has also worked in holistic health, helping both children and adults with various conditions and difficulties. In 2011 Carola was introduced to Guruji Mahendra Trivedi and the Trivedi Effect<sup>®</sup>. During her association with Mahendra Trivedi she has developed her natural gift, the unique ability to harness Life Force from nature and transmit it anywhere in the world. Carola's abilities have been scientifically tested under rigorous laboratory conditions, validated and published in leading international peer-reviewed scientific journals. The preclinical scientific research using both cell based and mouse models suggest that Carola's transmissions benefit overall health and wellbeing, improve quality of life and also increase Vitamin D absorption.
